**Barbara Preisinger** has been an integral part of the Berlin club scene since moving from Munich in the late 90s.

Barbara Preisinger first began dj-ing in 1996 in her hometown of Munich and was playing regularly experimental electronic music at the the green flokati room of the "ultraschall" club. in the Summer of 1998 Barbara left Munich for Berlin, where she started working as a freelance press and radio promoter for electronic music. In the years that followed she represented various labels and acts from the experimental music scene, ranging from straight club sounds to electronic pop and indie-electronica.

1999 saw her co-found the label ~scape, together with Stefan Betke aka Pole, creating an open platform for the productions of Kit Clayton, Jan Jelinek, Deadbeat, Pole amongst many others. Before long she was a resident dj at regular scape nights in berlin and other locations within europe, japan and also further afield in north america. Over the years her musical preferences as dj have changed and developed continuously to House and Techno. Her passion is to play for the dancefloor, mixing kicking house and deep techno, all the while remaining open towards interesting and outstanding tunes that makes you move. And she has been doing exactly that at many prestigious locations and festivals around the globe.

Autumn 2009 Barbara Preisinger founded the 12inch vinyl label SLICES OF LIFE which is focused on organic sounding and diverse club music, with releases by Betke, Mike Huckaby, Baaz, John Tejada, The Mole, Dana Ruh, Losoul, Alexander Skancke....

The label's founding year also marked the beginning of the event series DEEP IN THE BOX with regular parties at Berlin's Club der Visionäre, Wilde Renate, Ipse among other places. In September 2015 Barbara Preisinger moved DEEP IN THE BOX to the Globus floor at Berlin's legendary TRESOR club, where she has been hosting her parties regularly since then.
