

TECH RIDER

EQUIPMENT

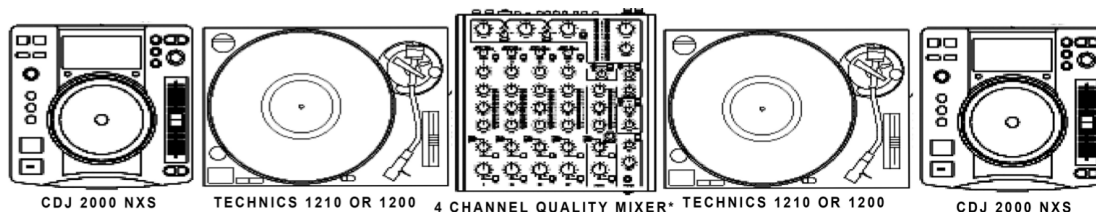

- 2 x Technics 1210 MKII or Technics 1200 MKII
- 4 x Fully working styluses/needles and slipmats
- 1 x mixer with 4 channels or more . **Please send info about mixer options***
- 2 x CDJ 2000 NXS.

DJ BOOTH

- Monitors where the DJ personally can adjust volume
- A solid table behind the DJ-booth for two large bags of records.
- An extra set of new/fully working styluses/needles
- Solid DJ table

EQUIPMENT CHECK LIST

- Make sure there is absolutely no feedback from the turntables when volume is on max level!
- Make sure the pitch on both turntables are fully working + No defects on tone arm/skipping when playing the last part of a record
- Turntables need to stand solidly, not wiggle!

EQUIPMENT SET-UP

*PREFERRED MIXER

A&H Xone 92 / E&S DJR400 or similar rotary mixer / FF 4400 (or similar)

Also open to other quality mixers, please inform in advance.

If possible please avoid **DJM-800 / DJM-900 nexus**, but will do if it's the only option.
