

Based in Berlin for over a decade, dynamic Austrian duo Foehn & Jerome have drawn influence from their surroundings, holding down a residency at Club der Visionaere with their Perfumed Freedom events, cementing themselves in the thick of the melting pot scene of the city. In the next period of their career they will explore new territory, extending the Perfumed Freedom umbrella to a record label, releasing music from themselves and other artists they admire, and a fresh label alongside Alexander Skancke and Henriku, titled "TBH".

After becoming flatmates in Berlin 2011 they began their joint quest holding down a residency at Vienna hotspot Grelle Forelle for the "Cafe Sturz" events, during this time they hosted the likes of Zip, Sammy Dee, Vera and many more. They then moved their attention to Berlin and ever since have been residents at Club der Visionaere, with some early events under various names before starting their anticipated Perfumed Freedom parties in 2018, allowing them to grow an extensive community through the years, and still going strong to this day inviting artists such as Daniel Bell, Thomas Melchior, Mathew Jonson, Eli Verveine, Losoul, Rhadoo, Vale Colvin, Felix Hk, Idit Frenkel amongst many other fantastic names.

Their intricately arranged productions have led to Foehn & Jerome landing music on integral labels throughout the years, all of which have inspired their journey. You can discover their music on Zip's Perlon, Sammy Dee's Ultrastretch, Barbara Preisinger's Slices Of Life in collaboration with Alexander Skancke on "Public Trouble". Other bodies of work have been released on Quirk, Gabu, with their earliest work on their co-founded label "Untitled 100" with Argenis Brito and Thomas Grün.

Essentially the lifelong works of the pair will now all be directed under the Perfumed Freedom brand, growing a platform to express themselves, gathering ideas, innovative music and their creative vision under one roof, allowing it all to come into fruition.
